

Application Process

- ❖ The application process for the 2012 - 2013 school year begins October 2011.
- ❖ Parents of prospective students are encouraged to begin by attending an open house in order to learn about The Village School-- its philosophy, approach, and structure.
- ❖ Interested parents then typically take part in an in-classroom observation lasting 15 minutes followed by a brief tour of The Village School. We recommend that this first visit, if possible, be without your child, so that you may focus on the approach and features of The Village School.
- ❖ After your first visit, you may submit an application, with a non-refundable application fee of \$50.00. (If you applied in January or before, you will be notified in February of the openings).
- ❖ An interview will then be scheduled between the parent, child, and the School to determine if The Village School provides an appropriate match for the child. This interview, an in-class visit (for Kindergarten age and above) and an evaluation of the student's records and application form the basis for acceptance to the Program. New students are accepted based on availability of open positions in the respective programs.
- ❖ Application to the School does not guarantee placement.
